Cocktails

The following is a list of cocktails that takes inspiration from the Victorian Gothic era architecture that surrounds you here, at the Booking Office 1869. The revival of this ornate style was celebrated for its reflection of Victorian achievement and values.

In turn, the cocktail list makes use of Victorian materials such as glass, steel, copper and wood to aid production.

Techniques that were widely used during the era are given a modern twist to celebrate the past with a focus on elegance, purity and flavour.

This list utilises modern techniques that accelerate an ageing process that would usually be realised over a period of years in cask and vessel. This has allowed us to create our menu with an unparalleled level of flavour, depth and complexity

Refined Classics

A selection of cocktails incorporating Victorian materials with modern techniques and served in a clean and contemporary style.
